INDEX TO

The Journal of MEDICAL EDUCATION

VOLUME 43 • 1968

For easier reference, the following list keys page numbers to month of issue. (Supplements are paginated individually.)

January	1- 96	July	777- 872
February	97-328	August	873- 952
March	329-424	September	953-1032
April	425-520	October	1033-1128
May	521-696	November	1129-1214
June	697-776	December	1215-1294

Staff of The Journal of Medical Education

JOHN A. D. COOPER, *Editor*

ROSEMARIE DALEY HENSEL, *Managing Editor*

CAROL A. SPEARS, *Assistant Editor*

LEAH SIMON, *Editorial Assistant*

JOHN L. CRANER, *Business Manager*

Author Index

Abrahamson, S., Denson, J. S., and Wolf, R. M. Effectiveness of a Simulator in Training Anesthesiology Residents *(Abstract)*, 1088

——. *See* Foster, J. *et al.*, 1092

——. *See* Johnson, P. C., 360

——. *See* Manning, P. R. *et al.*, 356

Academic Medical Centers: *See* Universities

Alan Gregg Lecture:

1967: Society challenges the medical schools, MacLeod, 425. 1968: A letter to Alan Gregg, Russell, 1135

Anatomy:

Gross anatomy courses, conservation of (*Letter to the Editor*), Crafts, 70

Gross anatomy, description and discussion of a course in (*Communication*), Callahan and Gavan, 1105

Gross anatomy, experience with "vertical" curriculum in (*Communication*), Benton and Cotter, 1098

Microscopic anatomy, student sets of color slides as an aid in teaching (*Communication*), Stinson and Smith, 83

Association of American Medical Colleges:

Annual Awards (1968): Abraham Flexner Award to Lister Hill, Dennis, 1129; Alan Gregg Memorial Lecturer—John M. Russell, Parks, 1135; Borden Award to Arthur Kornberg, Batson, 1132

Annual Meeting, 1967: Presidential Address, 606; Program, 606, 607; Borden Award to Seymour S. Cohen, 607; Abraham Flexner Award to Stanley E. Dorst, 607; Alan Gregg Memorial Lecturer—Colin M. MacLeod, 607. Business Meeting: Annual Reports, 608; Discussion and Action—Ad Hoc Committee on Ways and Means, 660; Bylaws, 661 (667); Articles of Incorporation, 661 (666); Provisional Institutional Members, 661; Emeritus Members, 662; Individual Members, 662; Other Business—Reports from Regional Meetings, 662; Report of the Council of Academic Societies, 664; Installation of Officers and Executive Council Members, 664

Augustus J. Carroll (*Editorial*), Darley, 745

Committees of: (1966-1967), 553; (1967-1968), 677

Continuation Medical Education: Annual Conference on, 578

Council of Academic Societies: Ad Hoc Committees (1966-1967), 555; Bylaws, 586; Constitution, 582; First Annual Meeting of, 579; Officers and Executive Committee (1967-1968), 680

Council of Teaching Hospitals: Annual Meeting of, 597; Officers and Executive Committee (1966-1967), 555; (1967-1968), 680; Standing Committees (1966-1967), 556; (1967-1968), 681

Division of International Medical Education: Annual Conference, 605

Group on Student Affairs: Annual Meeting of, 589; Committees (1966-1967), 557; (1967-1968), 682

Institutional Membership Meeting, February 11, 1967, 558; May 17, 1967, 565

Joint AMA-AAMC statement on health manpower (*Communications*), 506, 1009; Discussion of (*Editorial*), Berson, 504

Medical School Business and Fiscal Officers: Annual Meeting of, 596

Officers of: (1966-1967), 550; (1967-1968), 674

Panel discussions on medical education, 665

Regional organization: Reports from regional groups, 662

Reports: Committee on International Relations in Medical Education and the Division of International Medical Education, 625; Committee on Medical Education for National Defense, 645; Committee on Research in Education and the Division of Education, 630; Committee on Student Affairs, 647; Council of Academic Societies, 639; Council of Teaching Hospitals, 641; Division of Business Affairs, 616; Division of Operational Studies, 622; Editor and Editorial Board, *The Journal of Medical Education*, 638; Education Advisory Committee to the Veterans Administration, 648; Evanston office, 611; Executive Director, 608; Liaison Committee on Medical Education, 654; MCAT Advisory Committee, 656; Nominating Committee, 657; Regional Organization of AAMC, 658; Treasurer, 612

Report of the Committee on Medical Schools and the AAMC in Relation to Training for Family Practice (*Communication*), Pellegrino (Chairman), 751

Research in Medical Education: Sixth Annual Conference on: Foreword to the Proceedings of, Mawardi, 329;

Program Committee, 330; Editorial, Mawardi, 412; Program, 603. Seventh Annual Conference on: Announcement and Call for Abstracts, 72; Program, 1083; Abstracts, 1085

Staff of: (1966-1967), 551; (1967-1968), 675

Bibliographies:

Annotated, on current changes in medical education, Littlemeyer, 14

On medical education, 88, 323, 416, 513, 688, 766, 863, 945, 1024, 1117, 1208, 1270

On medical education, 1967, June, Part 2

Book Reviews:

Reviews, annotations, and titles, 92, 326, 419, 517, 690, 770, 866, 948, 1027, 1120, 1211, 1273

The Doctors, an evaluation of (*Letter to the Editor*), Castleton, 847

Community Medicine:

Community laboratory for medical teaching programs, Welsh and Deuschle, 969

Involvement of Albany Regional Medical Program in, Woolsey, 1041

Teaching and health care activities in a department of, Deuschle and Eberson, 1229

Primary medical care for an urban population, Densen *et al.*, 1244

Comprehensive Medicine:

A joint study of teaching programs in, Sanazaro and Bates, 777

Family practitioner, need for and role of, Fuller, 1192

Planning for, through education, Report of the Committee on Medical Schools and the AAMC in Relation to Training for Family Practice (*Communication*), Pellegrino (Chairman), 751

Conferences:

Conference on Preparation for Medical Education in the Traditionally Negro College, February, 1968 (*Communication*), Johnson, 933

First (1953) and Second (1959) World Conferences on Medical Education, Allen, 125

Meeting of the Western Pharmacology Society, January, 1968 (*Communication*), Leake, 850

National Health Forum on Quality in Health Care, 1968 (*Editorial*), Slater and Reichert, 931

Proceedings of the Sixth Annual Conference on Research in Medical Education, Mawardi (Ed.), March, Special Issue

The Buck Hill Falls Conference on Medical Education and the College–Medical-School Interface, April, 1968 (*Communication*), Grant and Bennett, 1258

Third Rochester Conference on Self-Instruction in Medical Education, September, 1967 (*Communication*), Lysaught, 759

Third World Conference on Medical Education, Gear (Ed.), February, Special Issue

Continuing Education:

Accreditation problems of programs in, Ruhe, 815

Discussion of new direction for postgraduate medical education (*Editorial*), Derbyshire, 747

Involvement of Albany Regional Medical Program in, Woolsey, 1041

Medical television for use in, a progress report on a scrambled broadcast system (*Communication*), Brayton *et al.*, 1011

New York Academy of Medicine television program, physician interest in (*Communication*), McGuinness, 852

Responsibility of the university in, Hudson, 526

Telephone lectures for physicians and allied health personnel, an experiment in the use of (*Communication*), Meyer *et al.*, 73

Use of the consecutive case conference in measuring clinical judgment, Williamson and McGuire, 1068

Curriculum:

Clinician's view of the role of physiology in, Braunwald, 1161

Current changes in medical school, annotated bibliography of, Littlemeyer, 14

Effect of scientific and technological advances in medicine on, Illingworth, 176

Elective fourth-year, with traditional internship, Sprague, 724

Evaluation of the effect of National Board examinations on (*Editorial*), Smythe, 1006

Factors influencing the development of, Ramalingaswami, 212

Gross anatomy course, description and discussion of (*Communication*), Callahan and Gavan, 1105

Gross anatomy courses in, conservation of (*Letter to the Editor*), Crafts, 70

Gross anatomy, experience with "vertical" approach to (*Communication*), Benton and Cotter, 1098

Inclusion of teaching about population, sexual practices, and family planning in, Romano, 898

Interdepartmental teaching program in an emergency department, Morton and Luria, 60

Motor vehicle accidents and their sequelae as a course in first-year, Frey, 1254

Physiology: As taught in an integrated basic-science–clinical-science setting, Soloman, 1154; Biophysical and organ-system approach to teaching of, Patton, 1151; Description and evaluation of program in, Tosteson, 1166; Role of the physiologist in a modern medical education, Reeves, 1147; Taught from a base in molecular physiology, Mommaerts, 1158

Proposals for improvement of (*Communication*), Stenn, 937

Religion in the medical, Kepler, 984

Datagrams:

Application activity and MCAT data of applicants to the class of 1967-68, 1206

Expansion of first-year enrollment: 17 schools, 1115

Expansion of first-year enrollment 1963-1971, 1022

Foreign medical graduates in U.S. training programs, 414

Group practice by medical school faculty, 86

Medical career plans of National Merit semifinalists and of representative college freshmen, 686

Medical school faculty staffing patterns, 943

Medical school tuition levels, 1967-68, 321

National Intern and Resident Matching Program, 1958-1968, 764

Regular operating and sponsored program medical school expenditures, 1958-1959 to 1965-1966, 861

Relationship between number of applications, MCAT performance, and admission to medical schools, 1268

Trends in characteristics of MCAT examinee population, 1962-1967, 511

Evaluation:

Examinations: A method for increasing the reliability and validity of multiple-choice, Pratt and Ingersoll, 1238; Analysis of oral examination for specialty board certification (*Abstract*), Foster *et al.*, 1092; Effect of, on self-directed learning, Johnson and Abrahamson, 360; Effect of National Board examinations in relation to curricular change (*Editorial*), Smythe, 1006; Quizzes as teaching aids (*Communication*), Olsen *et al.*, 941

Of academic success of medical and law students, use of personality and attitude tests in predicting, Solkoff, 1250

Of AMA accreditation program in continuing education, problems and procedures, Ruhe, 815

Of attitudes toward cancer, factor-analytic approach to, Haley *et al.*, 331

Of learning patterns in medical school (*Abstract*), Donovan *et al.*, 1091

Of medical student skill in relating to patients, a comparison of methods (*Abstract*), Hess, 1092

Of nonpsychiatrists' attitudes toward patients with emotional problems (*Abstract*), Bergen *et al.*, 1094

Of success patterns and their correlates in medical school, Korman *et al.*, 405

Of surgical clerkship programs, McCarthy and King, 367

Of teaching programs in comprehensive medicine, Sanazaro and Bates, 777

Of the consecutive case conference as an educational tool, Williamson and McGuire, 1068

Of the process of reaching a clinical diagnosis (*Abstract*), Helfer and Slater, 1091

Family Medicine: *See* Comprehensive Medicine and Medical Practice

Federal Government:

Comprehensive Health Planning Act, discussion of, Gehrig, 464

Fiscal relations between the medical schools and, Allen, 697

Fountain Committee criticism of NIH management of health research appropriations, comment on (*Editorial*), Cooper, 69

Health Manpower Act of 1968, discussion of (*Editorial*), Cooper, 1096

Proposed national service plan for medical graduates (*Editorial*), Anlyan, 683

Regional Medical Programs: Albany, New York—initial operational activi-

ties, Woolsey, 1041; Connecticut—objectives of, Snoke, 471; Northlands, Saint Paul, Minnesota—study of physician migration in the Upper Midwest, Fahs *et al.*, 735; Progress, expectations, and limitations of, viewed from the federal level, Schmidt and Marston, 828

Science administrator as new professional in, need for career training of, Brown, 33

Health Manpower:

Allied health training, use of junior-college–hospital combined approach to (*Abstract*), Farago *et al.*, 1089

AMA-AAMC joint statement on (*Communications*), 506, 1009; Discussion of (*Editorial*), Berson, 504

Foreign medical graduates, a study of the professional qualities of, Margulies *et al.*, 706

Foreign medical graduates in U.S. training programs (*Datagram*), 414

Health Manpower Act of 1968, discussion of (*Editorial*), Cooper, 1096

Implications of social change and population growth for, von Hofsten, 169

Negroes: Educational opportunities for, in the health professions in Maryland, Haynes and Dates, 1075; Physician, role and problems of, and relationship to Negro health, Melton, 798; Students, preparation of, for medical education (*Communication*), Johnson, 933

Physician migration in the Upper Midwest, Fahs *et al.*, 735

Priorities in planning the development of, within a national structure, Afridi, 190

Proposed national service plan for medical graduates (*Editorial*), Anlyan, 683

Retraining of inactive physicians as a partial solution to shortage of (*Communication*), Buzek and McNamara, 1197

Training of, to meet contemporary needs, Mudaliar, 132

Women in Medicine: Problems of, Bowers, 532; Role and professional activities of American, Phelps, 916; Survey of careers of graduates from 7 medical schools, 1945-1951, Shapiro *et al.*, 1033

Health Services:

Community laboratory for medical teaching programs, development of, Welsh and Deuschle, 969

Community mental health service, effect of, on residency training, Mesnikoff, 1059

Delivery of, through regional medical programs, Schmidt and Marston, 828

Delivery of, through training a new kind of physician for family medicine, Fuller, 1192

For Negroes in relation to the availability of Negro physicians, Melton, 798

Historical and social perspective on, with emphasis on the health team, Hughes, 159

In developing and developed countries, Birley, 199

National Health Forum on Quality in Health Care, summary of (*Editorial*), Slater and Reichert, 931

Patient Care: Improved care through teaching the Diagnostic Process, Levinson, 961; Patient follow-up registry as an aid to clinical education (*Communication*), Levinson *et al.*, 1200; Medical records, motion picture filming of patients and, for teaching and clinical use (*Communication*), Goodenday and Carlsson, 859; Medical records, social factors affecting the quality of, Higgins, 1049; Planning for, through education, Report of the Committee on Medical Schools and the AAMC in Relation to Training for Family Practice (*Communication*), Pellegrino (Chairman), 751; Psychiatric teaching conferences, reactions of patients to presentation at, Townes and Wagner, 42; Role of the behavioral sciences in (*Editorial*), Mawardi, 412

Priorities in planning balanced national and community development, Mehta, 185

Priorities in planning programs, resources, and health manpower needs within a national structure, Afridi, 190

Provision of, as affected by modern medical education, Jacobson, 521

Psychiatric interns and residents in a community field trip program (*Communication*), Davis *et al.*, 78

Responsibilities of university medical centers in providing, Glaser, 790

Student participation in community sex education program (*Communication*), Bearman, 855

Symposium on, 464: I. Comprehensive planning for health, Gehrig, 464; II. Local, regional, and national comprehensive planning—the role of the teaching hospital, Snoke, 471; III. Some suggested principles for community health planning and for the role of the teaching hospital, Somers, 479; IV. Key developments in medical economics—their relevance to medical education, McNerney, 495

To rural communities through a department of community medicine, Deuschle and Eberson, 1229

Utilization of primary medical care by an urban community, Densen *et al.*, 1244

History:

Dr. Benjamin Rush and Dr. William Cullen, D'Elia and D'Elia, 835

Reminiscences of Alan Gregg, Russell, 1137

The social crisis as perceived in 1967 and 1909 (*Letter to the Editor*), Middleton, 1008

Hospitals: *See* Teaching Hospitals

Interdisciplinary Programs:

Emergency department rotation program, Morton and Luria, 60

In teaching about population, sexual practices, and family planning, Romano, 898

Mixed internships in a department of obstetrics-gynecology, Donovan and Lund, 48

Interns, Internship:

Articulation of a largely elective fourth year with the traditional internship, Sprague, 724

Foreign graduates in U.S. training program (*Datagram*), 414

Mixed programs in a department of obstetrics-gynecology, a comparative study of, Donovan and Lund, 48

National Intern and Resident Matching Program, 1958-1968 (*Datagram*), 764

Professional qualities of foreign medical graduates, Margulies *et al.*, 706

Suicides by (*Editorial*), Duffy, 1196

Licensure:

Continuing reappraisal of, by boards of medical examiners (*Editorial*), Derbyshire, 747

National Board examinations in relation to curricular change (*Editorial*), Smythe, 1006

Views on, expressed during the 1968 National Health Forum on Quality in Health Care (*Editorial*), Slater and Reichert, 931

Medical College Admission Test:

Application activity and MCAT data for applicants to the class of 1967-68 (*Datagram*), 1206

Examinee population, 1962-1967, trends in characteristics of (*Datagram*), 511

Relationship between number of applications, MCAT performance, and admission to medical schools *(Datagram)*, 1268

Study of applicants: 1966-67, Mattson *et al.*, 1; 1967-68, Jarecky *et al.*, 1215

Medical Education:

Changes in curricula, annotated bibliography on, Littlemeyer, 14

Comparison of teaching techniques, Manning *et al.*, 356

Composition of small learning groups in, Fleisher, 349

Curriculum development for, common factors in varying milieus, Ramalingaswami, 212

Effect of scientific and technological advances in medicine on, Illingworth, 176

Faculty participation in the teaching of psychiatry, McKegney, 978

For American women, Phelps, 916

Gross anatomy courses as affected by changes in (*Letter to the Editor*), Crafts, 70

Gross anatomy, description and discussion of a course in (*Communication*), Callahan and Gavan, 1105
